

WEANER PIG PURCHASE AGREEMENT

This agreement entered into between _____
hereinafter referred to as supplier and _____
hereinafter referred to as buyer on this _____ day of _____, 19 _____,

Whereas Supplier produces and sells weaner pigs and buyer wishes to purchase weaner pigs, it is agreed that supplier will deliver from _____ to _____ select weaner pigs to buyer every _____ weeks, beginning _____ and continuing for _____ months.

All pigs delivered under this agreement shall be produced from N.G.T. Prolean 21 females crossed with terminal line boars as specified by N.G.T.

VACCINATIONS:

As a minimum sows will be vaccinated for Parvo-Lepto and Erysipelas when introduced into the herd, then repeated 21 days later, with a maintenance program giving all three vaccines five to seven days post farrowing. In addition sows will be vaccinated for Bordetella-Pastuerella 5 weeks and 3 weeks prefarrowing.

All pigs will be vaccinated for Bordetella - Pastuerella at seven to ten days of age. Pigs will also have two iron shots the first at one day old and the second at seven to ten days old. All pigs will be injected with 50 ml. of Spectam prior to shipment.

AGE:

All pigs delivered under this agreement shall be from thirteen to nineteen days old, and graded according to specifications on the "Pig Grading System" attached and made a part hereof.

DELIVERY:

Supplier will be responsible for delivery of pigs to buyer's facility at suppliers expense. There will be a freight charge to buyer for distances exceeding 200 miles.

PRICING:

Price for select weaner pigs will be \$32.00 per head throughout the term of this agreement.

WEIGHT ADJUSTMENT:

In the event that a load of pigs averages less than 10.5 lbs., price per head will be adjusted down by ten cents per head for each one tenth of a pound below 10.5 lbs. for the load average. Pigs will be weighed at the nearest certified scale to suppliers facility.

DOCUMENTATION:

Each load shall be accompanied by a health certificate issued by a registered veterinarian and a weight ticket from a certified scale.

FAILURE TO DELIVER:

If supplier fails to deliver required number of select weaner pigs to fulfill this agreement, and buyer is required to purchase replacement pigs at a higher price, supplier agrees to reimburse buyer for the amount paid above contract price, plus any expense incurred locating and transporting replacement pigs.

FAILURE TO ACCEPT DELIVERY:

If buyer fails to accept delivery buyer will pay supplier one half of contract price of the entire load as damages. Supplier may sell or place that group of pigs at Suppliers discretion.

PAYMENT:

Buyer shall pay full contract price for all select pigs upon delivery. Should any dispute arise over grading of pigs a third party will mediate such dispute and both Supplier and Buyer agree to abide by the mediators decision.

FORCE MAJEURE:

In the event that it should become impossible to perform for reasons beyond control such as, but not limited to fire, theft, acts of God, or disease outbreak, either party may be relieved of responsibility for the period that such event will prevent performance. However, the affected party agrees to remedy such event as quickly as possible and resume performance under this agreement.
